

# Insurance Premium Finance

Effective cashflow management is critical to the success of your business. Large one off payments can distort or put pressure on your cashflow. Insurance Premium Finance can ease the strain of such payments and help you preserve a healthy cashflow for your business.

## Key Customer Benefits

- Spreading the cost of your insurance premium over a 6 - 11 month period frees up an overdraft or cash resources for other working capital needs
- Repayment rates are fixed for the duration of the loan
- It's easy to arrange and the premiums are paid directly to the Insurance Broker/Company
- It leaves working capital free to be used where it is needed most - in your business

## How does it work?

Insurance Premium Finance is an arrangement whereby you can spread the cost of your annual insurance premium. We pay the cost of your insurance in one lump sum and you repay us over an agreed timeframe up to a term of 11 months.

## For further information
