- 5 Subject to Conditions 4 and 9 of these Special Terms and Conditions, messages sent through the internet and authorised networks will be treated as satisfying any legal requirement that a communication should be in writing. Each party waives any right it may have to challenge any such message on the basis that it was prepared and/or sent and/or received in electronic form.
- 6 The Bank will record Instructions received by way of the Services and in the event of any dispute arising in relation to any Instructions or alleged Instructions, the record so kept by the Bank will be prima facie proof of such Instructions or alleged Instructions for the purpose of determining such dispute.

Administrator and Authorised User

- 7 (a) The Authorised Signatories of the Customer, as notified to the Bank in the Application, will be responsible for:
 - providing the account details the subject of the Services;
 - appointing one or more Administrators;
 - setting up and removing Authorised Users;
 - managing, allocating and deleting Security Instruments; and
 - managing and setting access rights and authorisation limits.
- (b) It is the sole responsibility of the Customer to select and appoint Administrators and the Customer must satisfy itself as to the suitability and integrity of the individuals chosen.

Account Balances and Payment Instructions

- Each Administrator appointed by the Customer fulfils a critical function in the overall security of the Services. The Administrator will be responsible for:
- regularly checking email notifications and the audit log of Transactions; and
 - temporarily restricting the access of Authorised Users to Bank of Ireland FXPay.
- 8 (a) Authorised Users will be set up by Authorised Signatories of the Customer by completing the appropriate Application and submitting it to the Bank. It will be the responsibility of each Authorised User to familiarise themselves with the Bank of Ireland FXPay Manual and the operation of the Services, to keep secret their Security Instruments, and to notify the relevant Administrator as soon as practicable if any Security Instrument is known or available, or suspected to have become known or available, to an unauthorised third party.
- (b) At your request, and at its discretion, the Bank may assist you with onboarding of Payee Accounts to Bank of Ireland FXPay, however the Bank will not be liable for any loss caused and it remains the sole responsibility of the Administrator to ensure that the details of all Payee Accounts are correct.
- It will be the responsibility of the Customer to verify and authorise each individual payee onboarded to Bank of Ireland FXPay through this process.
- 9 In the case of a Corporate Customer, any change in the identity of an Administrator or Authorised User will be notified in writing to the Bank by any two directors or by one director and the company secretary of the Customer (or one director for a one director company) on its headed paper.
- In the case of a personal Customer, any change in the identity of an Administrator or Authorised User will be notified in writing to the Bank by the Customer on paper such notification to be signed by the Customer.
- Such notifications will be treated as effective by the Bank from the time of its receipt.
- In all cases the Bank may but will not be obligated to call back the Customer to confirm the authenticity of the notification.
- 10 (a) The information available by means of the Services will not be taken as conclusive evidence as between the Bank and the Customer of the state of any relevant account and while the Bank will use its reasonable endeavours to ensure the accuracy and completeness of all information, the Bank will not be liable for any loss incurred or damage suffered by the Customer by reason or in consequence of any such information.
- (b) It is the Customer's responsibility to ensure that Transaction reports which may be available from Bank of Ireland FXPay are viewed in a safe and private place and that the confidentiality of information contained within any such reports downloaded to the Customer's systems is maintained. Upon termination of the Services the reports will no longer be available and the Customer is advised to download or print any such reports that may be required prior to terminating the Services.
- 11 The Customer accepts that information available from the Services will be subject to change before the Close of Business each day and further accepts that the Bank's acknowledgment of a message containing a payment request cannot be treated as evidence of the Bank having paid or agreed to pay the sum so requested and that it is the sole responsibility of the Customer to regularly check the Transaction status.
- 12 The Customer agrees that the Bank will in no circumstances be liable for any loss or damage arising from delayed receipt of international payments from the Customer where the date of receipt (or following days) are not business days in the recipient jurisdiction.
- 13 The Customer may only use Bank of Ireland FXPay in connection with FX Contracts and/or Cross-Currency Payments. The Customer agrees that no Payment Instructions will be given by any Authorised User to make payments in same currency and the Customer acknowledges and agrees that the Bank reserves the right not to process any such Instructions.
- 14 Bank of Ireland FXPay does not permit the combination of Transactions to make a single payment and, in the event an additional payment is required after a Transaction has

been entered into, a separate Transaction will be required such that two distinct payments will be made to the Payee Account.

Alternatively, the Customer may increase the size of an existing Transaction where payment has not yet been made by the Bank, but any such increase in the size of the Transaction will be subject to the prevailing rate at the time the size of the Transaction was increased.

Security

- 15 Once Security Instruments have been allocated by the Bank, it is the sole responsibility of the Customer, Administrator and Authorised User to keep all Security Instruments confidential to itself and to take all security measures to prevent any unauthorised person from gaining access to any Security Instruments, whether issued by the Bank or generated by the Customer. Authorised Users are not permitted to share, and the Customer shall ensure that Authorised Users do not share, any Security Instrument with any other person or with multiple users on a network. The Customer acknowledges that the Bank has no duty or power to supervise the use of any Security Instruments by the Customer. The Bank will not be responsible for any consequence arising from the unauthorised use of Security Instruments whether issued by the Bank or generated by the Customer.
- 16 Should the Customer, Administrator or any Authorised User either suspect or become aware that any Security Instruments have become known or available to an unauthorised person, the Administrator will immediately cancel and replace such compromised Security Instrument(s) and will carefully review the audit log of Transactions effected since the Security Instrument(s) may have become known or available to an unauthorised third party.

Processing Of Instructions

- 17 The Customer irrevocably authorises the Bank to act upon all Instructions received in connection with the Services which have been, or appear to the Bank to have been, transmitted using the Security Instrument(s) without taking any further steps to authenticate such Instructions. The Bank will not be required to verify or check that Instructions given to the Bank through use of the Services have been given and remain in force in respect of any debits or any other Instructions to be carried out.

- 18 By acceptance of these Terms of Use:
- (a) the Customer hereby agrees with and to the Bank that the Customer is authorised from time to time to use the Services;
 - (b) the Customer hereby confirms to the Bank that the Customer has the requisite capacity and authority under its Memorandum and Article of Association to enter into the Transactions contemplated by the Services; and
 - (c) the Customer agrees to be liable for all monies due and liabilities incurred arising from Instructions given under these Terms of Use. The Customer agrees further that it will not create an overdraft or extend an expressly agreed overdraft beyond an authorised limit approved by the Bank on any Originating Account through the Services except with the prior written consent of the Bank. The Customer acknowledges that the Bank will not implement an Instruction to debit an Originating Account effected through the Services if such debit would cause an unauthorised overdraft or extend an authorised limit in respect of an expressly agreed overdraft. Any implied limit will not be recognised or taken into account where an Originating Account is being debited through use of the Services.
- 19.1 In respect of any Transaction, the amount of any Payment Instruction received by the Bank on any Business Day from an Authorised User will not exceed the limit agreed between the Bank and the Customer from time to time. Any such Instructions received on a non-Business Day or after Cut-off Time on a Business Day will be dealt with on the next Business Day. It is the Customer's sole responsibility to ensure that each Authorised User is aware of and adheres to any maximum aggregate trading limits relating to that Authorised User as prescribed by the Customer, and, for the avoidance of doubt, the Bank shall have no liability in respect of breach of such aggregate limits by any Authorised User.
- 19.2 When calculating the usage of the maximum aggregate trading limit referred to above, any forward value Instructions due for processing on that Business Day, Instructions received on any previous non-Business Day, or after Cut-off Time on any Business Day to be effected no later than Close of Business on the next Business Day will be taken into account. Upon receipt of Payment Instructions through

the Services the Bank will effect the relevant payment(s) in the manner set out in the Bank of Ireland FXPay Manual.

- 19.3 The Bank will have no liability to the Customer in respect of any payment made by the Bank on foot of any forward value Instruction where the notification to cancel was not received by the Bank by Close of Business on the Business Day prior to the scheduled date of payment of such forward value Instruction
- 19.4 The Customer will be responsible for ensuring the correctness and accuracy of all Payment Instructions and the Bank will have no obligation to check whether the name of the Payee or other information provided with the Payment Instruction is correct. Where an account number, Sort Code, IBAN or BIC is incorrectly stated on a Payment Instruction, the Bank will have no liability for the non-execution or defective execution of the payment order to the Account.
- 19.5 Without liability, the Bank may refuse to act on any Payment Instruction if the Payment Instruction does not contain the BIC and IBAN, or Sort Code and account number, or any other necessary unique identifier of the Payee. In the event that the Bank refuses to process any such Payment Instruction, for this or any other reason, the Bank will advise the Customer accordingly.
- 19.6 In accordance with the Treasury Terms and Conditions, the Bank will provide or make available to the Customer a Confirmation setting out details of Transactions effected using the Services. In addition, the Bank will send email notifications to the Administrator(s) and the relevant Authorised User(s) upon the occurrence of certain events, such as receipt of Instructions by the Bank or submission of the Transaction for payment processing. It is the responsibility of the recipients of such notifications to check that the details are correct and to promptly contact the Bank in the event of any inaccuracy.
- 19.7 Bank of Ireland FXPay will notify you how frequently the foreign exchange rate quoted will change. The foreign exchange rate that you select will be the foreign exchange rate agreed between you and the Bank under the FX Contract.
- 19.8 The Services include market-related foreign exchange rates. Due to the automation of this Service, errors in quoted rates may occur on limited occasions under some circumstances. In such cases the Bank may, in its sole

discretion, decline to complete Transactions based on such erroneous rates and will notify you as soon as possible.

- 19.9 If the Customer gives an advance Instruction to the Bank to enter into an FX Contract only on condition that the Bank of Ireland FXPay rate is at a rate specified by the Customer prior to a specified date, the Customer acknowledges that the Bank will, and hereby authorises the Bank to, proceed with any such Instruction unless, before the Bank has so proceeded, the Bank acknowledges receipt of a further Instruction from the Customer cancelling the Transaction. Any such advance Instruction will automatically terminate on any expiry date specified in the relevant Instruction.
- 19.10 The Customer acknowledges and agrees that the Bank may take telephone and electronic Instructions from, or purported to be by, any Authorised User or Administrator relating to any Transactions initiated through or in connection with Bank of Ireland FXPay. For the avoidance of doubt, the Customer shall indemnify the Bank from all claims, demands, liabilities, losses, fees (including legal fees on a full indemnity basis), actions and proceedings whatsoever arising in connection with FX PAY which the Bank may incur or suffer by reason of its acting on any Instructions however sent or received, and may debit any Account in the Customer's name with any sums payable by it.

 - (b) ensure that any facilities, systems, computers or devices used in connection with the Services are adequately protected by up-to-date software (e.g. anti-virus, anti-spyware and anti-malware software) to prevent detect and remove malicious software.

Alterations and Enhancements

- 21.1 The Bank reserves the right at all times to introduce new Terms of Use and to vary or amend the existing Terms of Use. In relation to any amendments that may materially affect the rights of the Customer, the Bank shall give two months' notice thereof to the Customer by whatever means the Bank, in its discretion, deems appropriate, however, where the

variation is to the benefit of the Customer or does not materially affect the Customer's rights, the Bank may implement such variation with immediate effect and notify the Customer thereafter.

- 21.2 The Bank reserves the right at all times to introduce new service fees or charges or to vary any and all existing service fees or charges by giving two months' notice thereof to the Customer by whatever means the Bank, in its discretion deems appropriate, save where the variation is to the benefit of the Customer in which circumstances the Bank may implement such variation with immediate effect and notify the Customer thereafter.
- 21.3 The two months' notice periods referred to in Conditions 21.1 and 21.2 above will apply only to Customers who are Banking Customers. For all other Customers, the Bank reserves the right to implement any such changes immediately and without any prior notice to the Customer.

Provision Of Services

- 22 Forward foreign exchange transactions can be subject to MiFID II / MiFIR reporting obligations. In order for the Bank to assess whether your Transaction is reportable or not, you are required to inform the Bank in accordance with the Treasury Terms and Conditions of the purpose for entering into the Transaction. This means that, if you want to enter into forward foreign exchange transactions subject to MiFID II / MiFIR, you are obliged to contact the relevant trading desk. The Bank will not provide the Services for the aforementioned transactions via FXPay.
- 23 The Bank will not be obliged to provide the Services at all times or during any particular hours and may withdraw, suspend or restrict any or all of the Services temporarily without prior notice. Where the Bank is of the view that the market is experiencing a period of currency volatility, the Bank reserves the right to restrict trading in certain currencies from time to time. In the event of the occurrence of a technical fault or other reason whereby payment cannot be made due to failure to achieve the Cut-off Time for payments, such payment (in the absence of contrary Instructions from the Customer) will automatically be made on the next Business Day, in the case of domestic payments, and on the next day on which the recipient financial institution is open for business in the case of international payments (i.e. payments to accounts outside Ireland).

- 24 Acknowledgement by the Bank of receipt of Instructions or notification that Transactions have been submitted for payment processing does not constitute confirmation of the effecting of those Instructions, which are subject (inter alia) to available account balance. It is the responsibility of the Customer to log-in or otherwise access the Services to ascertain whether, and if so, when, such payment(s) has/have been made.
