

With **MyPension365**, our new digital pension platform, your scheme members now have the freedom to view and make changes to their Bank of Ireland Life pension savings. Since it streamlines pension administration, making it simpler and faster, MyPension365 is also good news for you. It will reduce the time you spend on payroll and member related administration.

## What MyPension365 means for your business

- ▶ Significantly faster scheme on-boarding journey, no paper application for scheme or member sign up.
- ▶ Easy to upload monthly payroll using Standard Interface File (SIF) drag 'n drop functionality.
- ▶ Creates payroll efficiency as automatic validation captures errors which are corrected before submission.
- ▶ Integrated platform for greater interaction between you and your scheme members.
- ▶ Less administration and ease of use allowing you to increase productivity in other areas of your business.
- ▶ Easier for you to demonstrate compliance with increased regulatory asks.

## MyPension365 for scheme members

- ▶ Members can view their up to date pension information and progress through the Mobile App therefore increasing member engagement with their pension on the go.
- ▶ The interactive platform helps members to understand their pension and retirement planning position.
- ▶ Members themselves can change their contribution rates and fund choices via the app/platform allowing transactions to be carried out easily without additional paperwork.
- ▶ All member documentation is stored to allow ease of access.
- ▶ Member app can be accessed via biometrics instead of password log in.

## MyPension365 Mobile App

- ▶ Available on GooglePlay and the App Store. You and your employees/scheme members can now access all your scheme and pension information through the MyPension365 app giving access to up to date information on the go.
